School

Policy Statement

The Principal and Board of Governors of St Michael's Primary School accept their responsibility under the Health and Safety (First Aid) Regulations (Northern Ireland) 1982 and acknowledge the importance of providing First Aid for employees, children and visitors within the School.

The staff of St Michael's Primary School recognise their statutory duty to comply with the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (Northern Ireland) 1997 and agree to abide by the SELB procedure for reporting accidents.

Introduction

'First Aid is the initial assistance or treatment given to someone who is injured or suddenly taken ill' (The Joint First Aid Manual 8th Edition). Staff administering First Aid should seek to assess the situation, protect themselves and the casualty from further danger, deal with any life threatening condition and where necessary obtain medical assistance or refer the casualty to hospital as quickly as possible.

Statement of First Aid Provision

The School's arrangements for providing First Aid will:-

- Place a duty on the Principal and Board of Governors to approve, implement and review the First Aid policy;
- Place individual duties on all employees;
- Report and record accidents using relevant form to the SELB;
- Record all occasions when First Aid is administered to employees, pupils and visitors.
- Provide equipment and materials to provide First Aid treatment;
- Make arrangements with SELB CASS to provide First Aid training to employees, maintain records of training and review annually;

The Principal will inform all employees at the school of the following:-

- The arrangements for First Aid;
- Those employees who are qualified First Aiders;
- The location of the First Aid Kits.

In addition the Principal will ensure that signs are displayed throughout the School providing the following information:-

- The names of employees with First Aid qualifications;
- Location of the First Aid Box.

All members of staff will be made aware of the School's First Aid policy. No member of staff should attempt to give First Aid unless they have been trained.

Accidents involving bumps to a Pupil's head

The consequence of an injury from an accident involving a bump or blow to a pupil's head is not always evident immediately and the effects may only become noticeable after a period of time.

Where emergency treatment is not required a 'Head Bump' letter will be sent home to the parent/guardian.

Transport to hospital or home

The Principal will determine the appropriate action to be taken in each case. Where the injury requires urgent medical attention an ambulance will be called and the pupil's parent or guardian will be notified. If hospital treatment is required, then the pupil's parent/guardian will be called for them to take over responsibility. If no contact can be made with parent/guardian or other designated emergency contacts then the Principal may decide to transport the pupil to the hospital or local surgery.

Where the Principal makes arrangements for transporting a child then the following points will be adhered to:-

- Only staff cars insured to cover such transportation will be used;
- No individual member of staff will be alone with the pupil in a vehicle;
- A second member of staff will be present to provide supervision of the injured pupil.
